Cat. nr 128418

Shipping within **24 hours**

Parameters

Size **M, S, L, XS, XL, 3XS, 2XS, 2XL**

Colour **black (2)**

Additional information

Description

The Rooster All Weather Neoprene Gloves are designed for extreme weather conditions to protect against cold, frostbite, and abrasions during the coldest training days. With cutting-edge technologies, these gloves have become one of the best choices for sailors who don't want to compromise on comfort and performance, even in the most challenging conditions.

The All Weather model is the result of groundbreaking work on the Pro Race gloves, which were extensively tested during the winter of 2012/2013. These gloves effectively prevent pain, frostbite, and discomfort while providing dexterity necessary for handling small boats at the highest level.

The glove design is well thought out – despite having full fingers, the neoprene construction ensures the user retains the dexterity needed to operate small boats at the highest level. If comfort, durability, and resistance are your priorities, these gloves are the perfect choice.

Product Features:

- Reinforcement on all fingers for increased durability
- Adjustable wrist strap for better fit
- Neoprene material for cold and wind protection
- Excellent dexterity, ideal for precise boat handling
- Extra protection for extreme conditions; can be paired with Rooster Hot Hands Glove or PolyPro gloves for added warmth

Tip: If the gloves haven't dried yet, pour some warm water inside and then put your hands in. The gloves will stay warm inside all day.

Summary: Rooster All Weather Gloves offer reliable protection from the cold in challenging conditions. If you're looking for gloves that provide comfort, cold protection, and unlimited dexterity, these gloves will meet your expectations. Choose them, and you'll be ready for any winter training or regatta!

Simply measure round your hand as shown then use the chart to find your glove size.

GLOVE SIZE	PALM CIRCUMFERENCE
