d.c. Pump 59530-0000B

8 - 24 volt dc Commercial duty pump
Non-self-priming for hot water circulation

- ◆ Long life 'brush-less' DC motor with sealess magnetic drive pump. (No shaft seal to leak)
- ◆ Voltage range 8 to 24v dc
- ◆ Adjustable power consumption - high efficiency (0.25 to 1.8amp)
- ◆ Variable flow - 5 settings
- ◆ Non-corroding materials
- ◆ Temperatures up to 80°C
- ◆ Suitable for hot water systems
- ◆ Non-self-priming requires flooded suction
- ◆ Supplied with mounting bracket
- ◆ Not suitable for seawater
- ◆ Weight: 0.50Kg

Variable Settings - P1,P2,P3,P4,P5
