STARPORT

Where it Starts

The RAILBLAZA StarPort is a unique and versatile mount used in a huge number of applications. The StarPort allows users to fit and swap out our full range of RAILBLAZA accessories. Made from high grade engineering plastics, the StarPort is easy to fit and stylish. It can be surface or recess mounted on power boats, inflatables, sail boats, kayaks, ATVs, garages & many other applications...

- StarPorts can be horizontally or vertically mounted in minutes
- Low profile surface mount & minimal intrusion depth when recess mounting
- Includes a stylish locking slide for securing accessories firmly in place
- Gasket and bung reduces water ingress.

For track mounting, drill out the centre holes with a 6mm (.25 in) drill from underside

STARPORT HD

Many kayaks and boats are made to suit the 4 hole base pattern of Scotty, RAM, Cannon, Fish-On, and many others. Now RAILBLAZA's original accessories can easily be fitted to these vessels. After many requests we introduced the StarPort HD. This is a stylish, four screw base mount, which comes with the popular RAILBLAZA locking slide, and is lower in profile than others on the market.

The StarPort HD can also be centrally mounted on many popular track systems, with the added versatility of tool-free adjustment. Just buy our TracMount Kit 03-4109-11, & open up the central hole bosses with a 6.5mm (1/4 in) drill bit.

Fasteners included

Many Kayak brands use threaded inserts. It is advisable to check the depth and thread of insert before fitting supplied fasteners, as these may need to be shortened. StarPort HD can also be attached using self tapping screws, long tri grip rivets or rubber well nuts.

SIDEPORT

If you need to mount on a vertical surface, but require a horizontal port (or vice versa), the SidePort is the mount for you. It's ideally suited for gunnels of smaller aluminium boats or vertical cockpit wells on kayaks. Fitted in minutes, and sold with all necessary stainless steel fasteners the SidePort is a fantastic mount and great value for money.

CHOOSE A MOUNT

RAILMOUNT 19-25

RAILBLAZA RailMounts are simple-to-use mounts, allowing the easy attachment of RAILBLAZA accessories, and many other things. Simply screw the RailMount together onto your rail, no need to drill holes so you can easily move the RailMount to a different spot, and your rail is as good as new!

The RailMount 19-25 can be mounted onto any 19 or 25mm (0.75 or 1 in) rail in minutes.

All RailMounts come complete with adapters, rubber grips, self-adhesive grip tape and the necessary stainless steel mounting screws.

RAILMOUNT 19-25

fits round rails 19mm (.75 in) to 25mm (1 in)

Combo pack

03-4011-11 *Black RailMount & StarPort*
03-4011-21 *White RailMount & StarPort*

Supplied with all necessary fasteners

RAILMOUNT 32-41

The RailMount 32-41 is specifically designed for both round and square 32mm (1.25 in) rails, 41mm (1 5/8 in) round rails such as those found on Hobie kayak outriggers, and the **Hobie H-Rail**.

All RailMounts come complete with adapters, rubber grips, self-adhesive grip tape and the necessary stainless steel mounting screws.

RAILMOUNT 32-41

fits round 30mm (1.15 in) - 41mm (1.6 in) rails, and square 32mm rails

RIBPort Grey

RIBPORT

Fitting rod holders and other accessories to RIB's & inflatable boats just got easier. Now you can fit accessories like rod holders, bait boards, fish finders and more to RIB or inflatable boats and kayaks without hassle or messy glues. The 3M VHB pad allows you to peel and stick the RIBPort mount, then fit any of your favorite RAILBLAZA accessories.

The 3M VHB pad is supplied with every RIBPort pack.

You no longer need a specialised outfitter, or to work with messy glues to install accessories to your RIB or inflatable, with the RIBPort VHB pad you can install in the comfort of your own garage following the supplied instructions. Our team have run extensive trials on Hypalon and PVC inflatable craft and also recommend the VHB pad for use on epoxy SUP's or surfboards.

The RIBPort can also be attached using the same glues as used to attach handles etc to RIB's & inflatables.

CLEATPORT RIBMOUNT

Bringing the functionality of the CleatPort to your PVC or Hypalon inflatable boat. It's a simple idea, but very effective. Now your cleat can hold your fishing rod, mobile phone, drink, navilight, or anything else that a RAILBLAZA accessory can hold. The CleatPort RIBmount is supplied with a 3M VHB pad this allows you to peel and stick the CleatPort RIBmount, then fit any of your favorite RAILBLAZA accessories.

STICK ON MOUNTS

RowLock

Fillet Table

Rod Holder

The RAILBLAZA RIBPORT *The only hole you want in your inflatable*

Ideal for use on Inflatable boats, SUPs and kayaks. Will bond to PVC, Hypalon, fibreglass, aluminium and much more.

QUIKPORT

This stylish, low profile, stick on mount is easily fitted to most surfaces. It is designed for use where fasteners are unable to be used. Applications include inflatable boats and SUP's. It will also work well on fibreglass SUP's, aluminium and fibreglass decks.

03-4087-11 Black

03-4087-21 White

The Versatile QuikPort

Stick your camera, nav lights, phone, or drink holder to your inflatable boat or SUP, or almost anywhere else. QuikPort is a stick on StarPort, with a diameter of 90mm (3.5 in), and is available in black or white. This small footprint, stick-on, RAILBLAZA StarPort will fit into much tighter spaces than the RIBPort. Made from quality engineering plastics, the QuikPort comes with a 3M VHB self-adhesive pad and can also be glued if that's your preference. Suitable for use on almost any surface, QuikPort is proven to stick well to PVC, Hypalon, fibreglass, epoxy, and aluminium.

CLEATPORT Two applications in one. The CleatPort gives you a tie off point for stern lines and bow lines on small craft. The StarPort gives the extra functionality of adding any RAILBLAZA accessory.

03-4044-21

NEW

PONTOON BOAT RAILMOUNT STARPORT

Fits 28mm (1 1/8 in) or 32mm (1 1/4 in) square rails allowing easy attachment of the full range of RAILBLAZA accessories.

- Rubber inserts avoid slippage when attached to rails
- StarPort locking slide secures accessories in place
- UV stabilised plastic
- Unique design avoids interference with rail wall
- Includes all fasteners

03-4109-11
StarPort HD not included

STARPORT HD TRACMOUNT KIT

The StarPort HD TracMount kit attaches the StarPort HD to most kayak tracks. This gives tool free adjustment and by opening the centre holes, the StarPort HD can be centrally located on the track. If you don't already have the StarPort HD the better option is to use the TracLoader StarPort or SidePort as shown on page 8.

E SERIES PORTS

RAILBLAZA
HOLD EVERYTHING...

AVAILABLE
Early 2021

E SERIES USB PORT

The E Series StarPort with USB combines a USB connector within our StarPort base allowing you to charge your tablets, mobile phones and many other devices.

This can be achieved using our range of device holders and StowPods to hold your device while charging. The E Series USB is designed for use on a 12 VDC supply, rated at 2.1Amps. For charging only and not for data transfer. Splash proof.

03-4080-11
Black

E SERIES CABLE ENTRY PORT

The E Series Cable Entry Port allows easy access for cables through the deck for tidy electronic mounting solutions. Works well with the RAILBLAZA electronics mounts. 2 flexible inserts included catering for 3-7mmØ cables. Plus 1 x double entry insert for 2 x 6mmØ cables. For full waterproof solution, silicon sealer will be required.

TRACLOADER

Gunnel accessory mounting system.

Accessorise your boat or kayak without drilling any holes

Supplied with 2 x sets track bolts.

Square track bolt will fit Crestliner SureMount gunnel tracks and most kayak tracks.

Second T bolts supplied allows compatibility with most other USA boat gunnel track systems including LOWE, Lund, Tracker, War Eagle and many more.

Plastic covers supplied for T bolts when using in RAILBLAZA gunnel tracks and also coaming tracks on Horizon and Stessl boats in Australia.

TracLoader is also the best option for kayak tracks on all the big brands like Hobie, Wilderness, Jackson, YakAttack, Galaxy, Ocean Kayak, Native & more

The TracLoader StarPort 03-4129-11 can be used for any horizontal port requirements like rod holders, camera mounts or phone holders.

The TracLoader SidePort 03-4128-11 can be used for any vertical port requirements like transducer arms.

TRACWEDGE Gunnel mount ezifit

The RAILBLAZA TracWedge enables the easy installation of StarPorts and SidePorts into the gunnel tracks on most aluminium boat brands in **Australia** under 4m. No drilling of holes required and ports can be moved easily.

03-4126-11
TracWedge SidePort gunnel mount

03-4127-11
TracWedge StarPort gunnel mount

- Easy to fit, no drilling required
 - Fits gunnel channels on **Quintrex, Stacer, Savage, Stessl, Stessco** and **Sea Jay** open boats
 - Two models available, StarPort or SidePort
 - Receives all RAILBLAZA accessories including rod holders, drink holders, navigation lights, fish finders and baitboards
 - Keeps your boat tidy and free of clutter
 - Easily moved to a new position along the gunnel
- Patented**

Also now available TracLoader for Australian side deck models with coamings. See page 12.

KAYAK TRACKS

SLIMLINE TRACK

The Slimline Track is supplied in a 300mm (12") length. This compact track will fit most US brand kayaks. The kit is supplied with coarse self-tapping stainless steel screws.

The Slimline Track receives the MiniPort TracMount, StarPort or StarPort HD – with the relevant TracMount kit.

Track dimensions
300mmL (12 in) x
22.5mmW (0.9 in) x
13mmH (0.5 in)

TRACLOADER GUNNEL TRACK

RAILBLAZA
HOLD EVERYTHING...

NEW

TRACLOADER GUNNEL TRACK

The TracLoader Gunnel Track is designed for boats that do not have tracks installed. Ideally suited for fibreglass boats & aluminium boats with vertical gunnels or coamings. The anodised aluminium tracks with mounting slots and all fasteners supplied make for easy installation. 3 lengths available 300mm(12"), 500mm(20") and 1m(39"). Mounts and accessories ordered separately.

TRACLOADER GUNNEL MOUNT SERIES

The TracLoader Gunnel Mount series fits the TracLoader Gunnel track allowing tool free installation for the full range of RAILBLAZA accessories. The mounts can be adjusted to any point along the track and easily removed if needed. **The TracLoader Gunnel Mount series will also fit the coaming tracks on all 2020 model Horizon and Stessl boats in Australia.**

RAILBLAZA has worked closely with the team at Horizon and Stessl boats in Australia to incorporate a track in the coaming extrusions of their side deck boats. This allows the full range of RAILBLAZA products to be fitted easily without drilling holes in the boat.

The TracLoader Gunnel Track can be used on all older boat models with vertical coamings. Retrofittable to aluminium and fibreglass boats.

ROD HOLDER II

The Rod Holder II is robust, versatile, it will hold your rod, you choose which position.

- Rotating collar helps reduce 'strike-theft'
- Rear gimbal lock reduces rod rotation for compatible rods; lift to slide rods through
- Fully adjustable 360° around, over 90° vertical
- Easy access to reel when in position
- Square-tooth adjustable tilt stops rotational slipping.

The Rod Holder II is available either as a kit complete with a StarPort, or as a rod holder by itself.

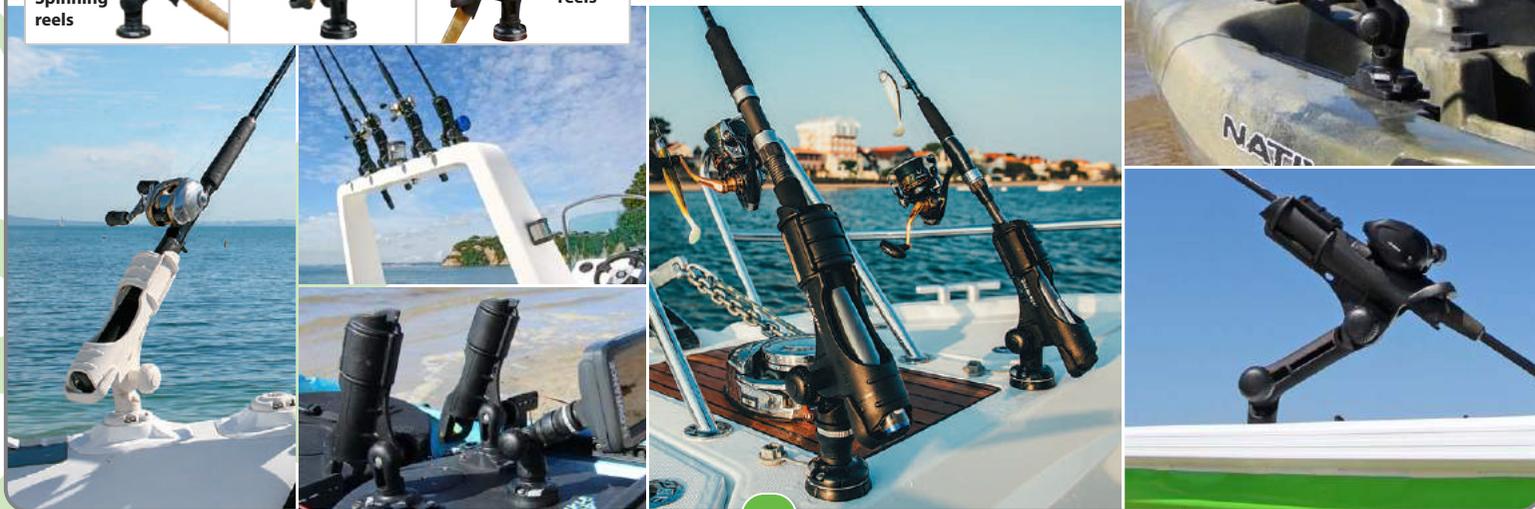

For spinning reels, baitcaster reels, boat reels, fly reels. Allows you to fit your Rod Holder to any StarPort, SidePort, RailMount or RIBPort. *Always use a leash.*

Fits Rod Holder Extender page 17.

This setup is not advised for trolling.

ROD HOLDER R

The RAILBLAZA Rod Holder R is the little brother to the Rod Holder II. It is designed for holding fishing rods with spinning, baitcaster or fly reels. To secure your rod the stretchable strap at the front of the holder will wrap around the top for baitcaster and fly reels and round the bottom for spinning reels.

The Rod Holder R is a light duty rod holder suitable for fresh water and in shore fishing. It is not designed for trolling. If you need a Rod Holder for trolling check out our Rod Holder II. The Rod Holder R is available either as a kit complete with a StarPort HD, or as a rod holder by itself.

Always use a leash.

ROD TUBE

The Rod Tube is the answer to a lot of requests from customers. It is perfect for kayaks where anglers want to keep their reels elevated and clear of waves and splash. With the original RAILBLAZA drop-down gimbal, you can either keep your reel high and dry, or slot the reel into the end of the tube.

The Rod Tube is available as a complete kit with StarPort HD or as Rod Tube only to fit all other RAILBLAZA Ports.

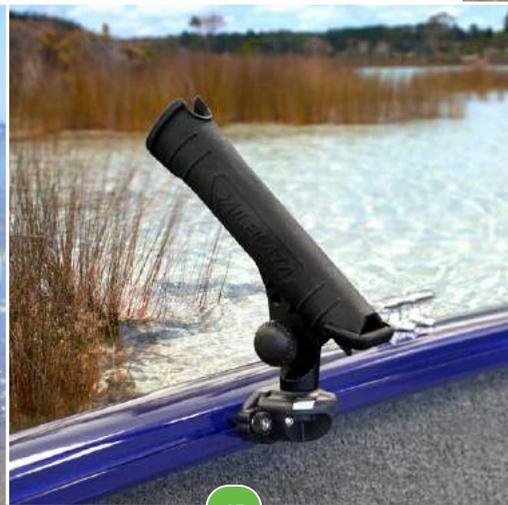

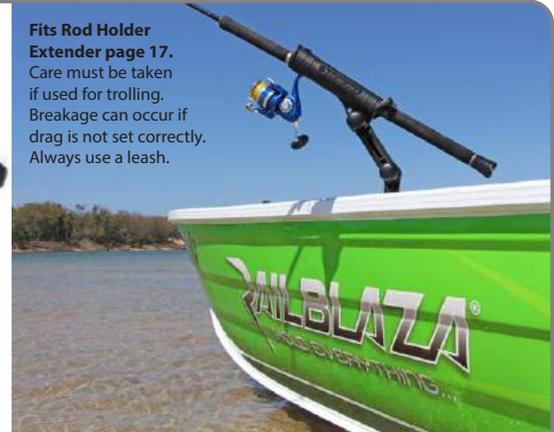

Always use a leash.

FILLET TABLE/ACCESSORY TABLE

When you need a bit of 'chop' on the water

The 525 x 350mm (20.7 x 13.8 in) design allows for knife storage, has an all round drain (with fitting for hose underneath) that stops spill from the front, and no front lip to get in the way while filleting (includes two adjustable platforms). Fillet Table can be raised 125mm (5 in) with the addition of StarPort Extenders.

ROTATING PLATFORM R

A platform for mounting fish finders or chart plotters with U shaped brackets, where a fixed plane surface is required but rotation is needed. Fits most fish finder brands. Fits any RAILBLAZA StarPort mount 160 x 60mm (6.25 x 2.3 in)

02-4136-11 Black

FISH FINDER MOUNT R-LOCK S

A platform for mounting fish finders or chart plotters with square or round bases. This 3 axis mount has friction joints top and bottom featuring our patented R-Lock lockable joints. The centre joint is fully adjustable in 15-degree increments. Will take fish finders up to 1.5kg's (3.3 lb). Mount on angled surfaces and have your display level. 102 x 102mm (4 x 4 in) Height 170mm (6.7 in)

02-4140-11 Black

FISH FINDER MOUNT R-LOCK R

02-4141-11 Black

A platform for mounting fish finders or chart plotters with U shaped brackets. This 3 axis mount has friction joints top and bottom featuring our patented R-Lock lockable joints. The centre joint is fully adjustable in 15-degree increments. Will take fish finders up to 1.5kg's (3.3 lb). Mount on angled surfaces and have your display level. Fits most fish finder brands.

160 x 60mm (6.25 x 2.3 in) Height 170mm (6.7 in)

FISH FINDER MOUNT R-LOCK HOOK2

02-4142-11 Black

A fish finder mount for Lowrance HOOK2 4x and 5x models. This 3 axis mount has friction joints top and bottom featuring our patented R-Lock lockable joints. The centre joint is fully adjustable in 15-degree increments. Mount on angled surfaces and have your display level. Height 170mm (6.7 in)

SWING ARM R-LOCK

The swing arm R-Lock is for applications where you need to move electronic screens to a better viewing angle, for stowing screens out of the way. Ideally suited for sounders, plotters or our ScreenGrabba with a tablet. Used in conjunction with the Rotating Platform S & R. Can also be used for our Mobi, DrinkHolds or StowPods.

KAYAK/CANOE SOUNDER & TRANSDUCER MOUNT

Kit Contents

- SwivelPort
- Adjustable knuckle joint
- Fixed StarPort Extender
- Cheek Mount Adaptor
- Rotating Platform (Only for 02-4060-11)
- 4 x cable ties, 1x mounting screw

02-4061-11 Arm only

NOTE:

The transducer arm does not come with any Mounting Ports. **Mounting Port options:** See pages 1-12.

KAYAK/DINGHY TRANSDUCER ARM XL

Kit Contents

- SwivelPort
- Adjustable knuckle joint
- Extender arm
- 4 x cable ties, 1x mounting screw

02-4086-11

Rotates out of water when not in use

The Sounder & Transducer Mount has been developed for kayak anglers needing an easy way to install and remove fish finders or sounders. With this kit you can install and uninstall your fishfinder, sounder & transducer in a matter of seconds. With our extensive selection of mounts this kit can be adapted to fit any kayak or canoe.

The Transducer Arm XL is designed for kayaks and canoes with high freeboards, and dinghys with a solid transom allowing easy retraction and removal of the depth sounder transducer. With this kit you can install and uninstall your fish finder transducer in a matter of seconds. No messy adhesives or excessive drilling of fittings required. With our extensive selection of mounts (not supplied) this arm can be adapted to fit any kayak, canoe or dinghy. **We recommend to retract if doing speeds over 8 knots.**

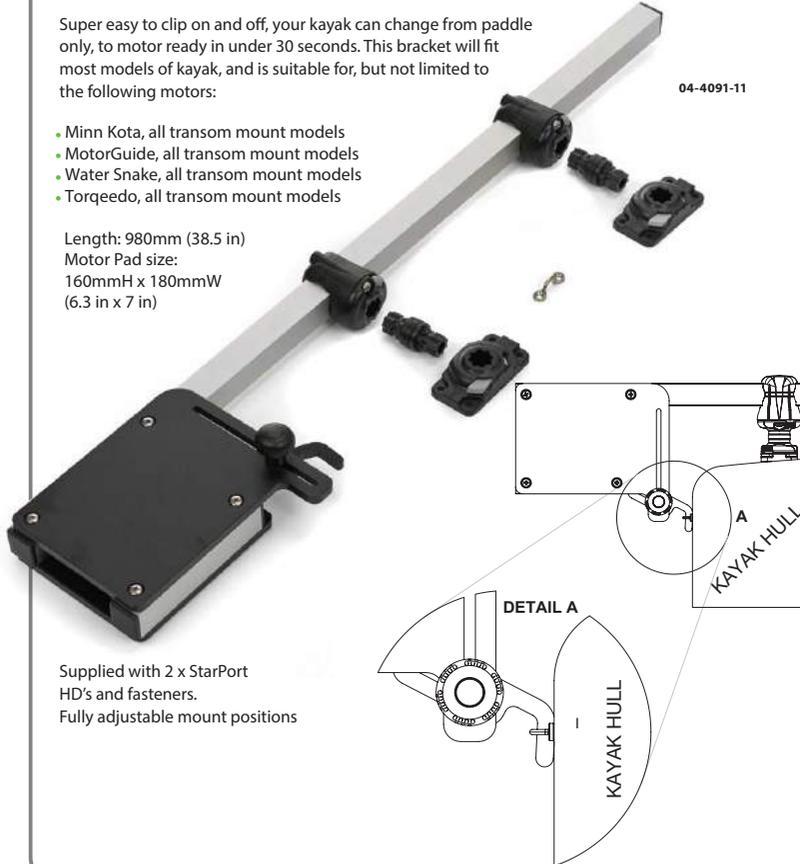

UNIVERSAL KAYAK MOTOR MOUNT

Super easy to clip on and off, your kayak can change from paddle only, to motor ready in under 30 seconds. This bracket will fit most models of kayak, and is suitable for, but not limited to the following motors:

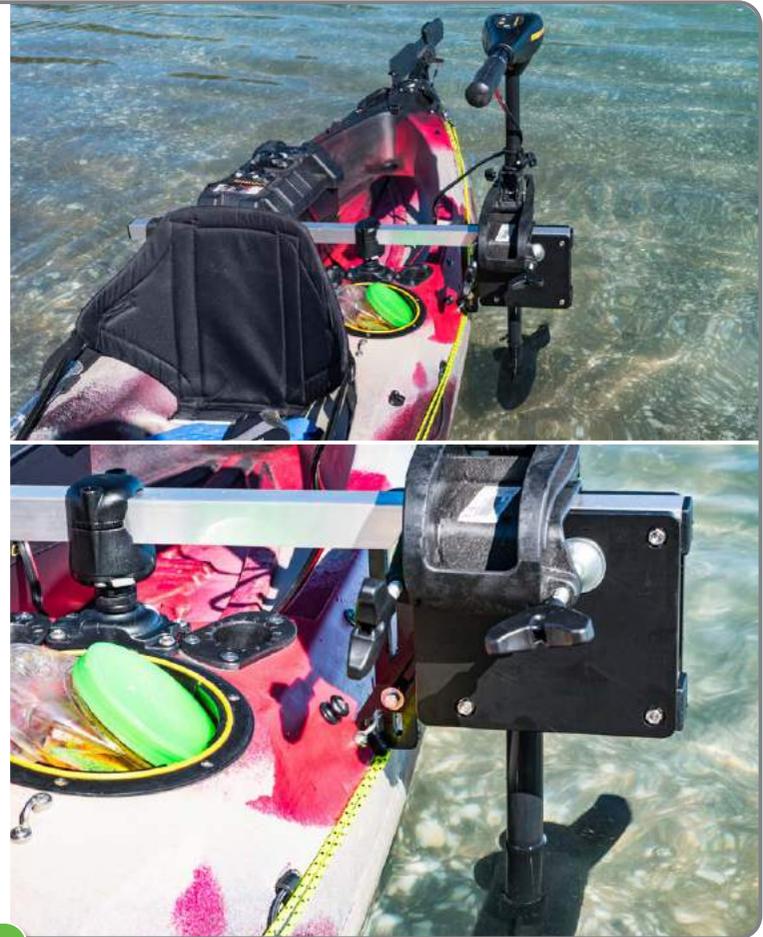

- Minn Kota, all transom mount models
- MotorGuide, all transom mount models
- Water Snake, all transom mount models
- Torqeedo, all transom mount models

Length: 980mm (38.5 in)
Motor Pad size:
160mmH x 180mmW
(6.3 in x 7 in)

04-4091-11

Supplied with 2 x StarPort
HD's and fasteners.
Fully adjustable mount positions

G-HOLDS

Hold varying types of items, like torches, knife sheathes, boathooks, oars, gaffs and much more.

- 3 x diameters - 35, 50, 75 mm (1.3, 2, 3 in)
- They fit into any RAILBLAZA StarPort
- The flexible quick-release strap has two securing points for minimum and maximum diameters.

GUNHOLD

The GunHold allows you to safely stow and transport your gun. The flexible rubber fingers shape to fit different gun butts and the strap secures the gun against vibration & damage. Will fit into all RAILBLAZA mounts. Sold singularly, however we recommend 2 units per rifle or shotgun.

We strongly recommend the RAILBLAZA GunHold is used in accordance with requirements of firearms legislation for the jurisdiction you are in.

HOLD IT SAFE

RAILBLAZA[®]
HOLD EVERYTHING...

DIVE & GAS BOTTLE HOLDER

The Dive & Gas Bottle Holder can be used for holding dive bottles, gas bottles, fuel and water cans. Can be permanently mounted using fasteners supplied or made removable using our StarPort mounting system.

Kit includes:

- 2 x Brackets
- 2 x Straps
- 2 x Ladder locks
- 1 x Side release buckle
- 2 x Star Adapters for use when mounting into StarPorts
- 2 x Screw packs to allow permanent mounting
- StarPorts ordered separately

Applications

Rail Mounted StarPorts

StarPorts

StarPorts

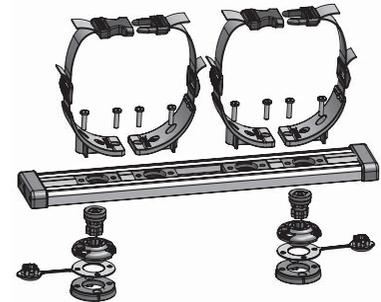

Mounting options: Ordered separately (refer to mounting option pages 1-12)

TRACPORT DIVE & GAS BOTTLE HOLDER KIT

The TracPort Dive & Gas Bottle Holder kit is a fully adjustable system allowing you to safely retain different sized dive bottles, gas bottles, fuel and water cans and even rubbish bins. Adjustable straps with quick release buckles allow for easy operation and full versatility.

Double bottle setup. Can be adjusted for different sized dive bottles. Once spaces for StarPorts has been decided, drill holes in TracPort to mount StarPort Adaptors - or fasten TracPort directly to surface.

QUICKGRIP PUSH POLE HOLDER

Secure your push pole when not in use

- Clamps tightly to push pole
- Rotates 360 degrees
- Pivots 180 degrees
- 2 sizes available
- Supplied with StarPort and fasteners.
- Allows for easy removal for stowage or adding other accessories

04-4116-11
QuickGrip Push Pole Holder
28mm (1 1/8 in to 1 3/8 in)

04-4117-11
QuickGrip Push Pole Holder
32mm (1 1/4 in to 1 5/8 in)

StarPort can also be used for other RAILBLAZA accessories

PADDLE CLIPS

QUICKGRIP PADDLE CLIP TRACK MOUNT

The QuickGrip Paddle Clip Track Mount will fit most kayak tracks including RAILBLAZA Expanda Track, Ascend, Wilderness Systems, Native Watercraft, YakGear and Yak Attack. Easy to fit and holds most standard paddle shafts.

08-0052-11
QuickGrip Paddle Clip Track Mount
28mm (1 1/8 in to 1 3/8 in)

QUICKGRIP PADDLE CLIP STAR MOUNT

The QuickGrip Paddle Clip Star Mount will fit any RAILBLAZA port. Great for holding kayak or SUP paddles. They can also be used for storing landing nets, boat hooks and many other items that have a round shaft. Available in two sizes 28mm and 32mm

02-4120-11
QuickGrip Paddle Clip Star Mount
28mm (1 1/8 in to 1 3/8 in)

02-4121-11
QuickGrip Paddle Clip Star Mount
32mm (1 1/4 in to 1 5/8 in)

HATCH WEDGE

Being regular boaties we got tired of the friction hinges not holding our hatches up. After getting frustrated at finding objects to hold the hatch at different heights the idea of a multi position hatch wedge was born.

Simple, but effective, the pattern of ridges and recesses will stop it from slipping out.

It holds the hatch open at 25, 50, 75, and 125mm (1, 2, 3 and 5 in), and can be easily tethered.

Suitable for most hatches including Lewmar, Goint, Moonlight, Vetus, Bomar, Gebo and Maxwell.

09-0006-11
Hatch Wedge
pair

CAPTAIN'S HOOK

The Captain's Hook is an expandable low profile solution for hanging your ropes, hoses, paddles and much more. Supplied with fasteners and a 1m length of cord which can be adjusted to length for varying applications. When not in use it is low profile to avoid catching people or clothes.

09-0007-11
Supplied in pairs

NAVIGATION LIGHTS

ILLUMINATE i360

Battery powered all round white navigation light

- Designed and made in New Zealand using high quality materials, and the latest LED technology
- **3 operation modes**
 - Full brightness navigation mode
2NM – up to 25hrs battery life
 - Low brightness work mode – up to 160 hrs battery life
 - Flashing emergency mode – over 200hrs battery life
- Waterproof to 1 metre
- Floats with lens clear of water
- Powered by 3 x AA batteries, not supplied
- Fits any RAILBLAZA mounting port, ordered separately.
- Meets USCG 2NM 33 CFR 183.810 & ABYC A-16
2 nautical mile visibility

02-5004-11
All round
white light

The i360 meets the required standards for an all-round white navigation light for power and sailboats under 12 metres, and kayaks & canoes. To maximise battery life we have used a high quality, Japanese made, Nichia power LED and a high efficiency digital circuit. It is lightweight, and IP67 rated for dust and water ingress. AA batteries mean many more light hours for your dollars when compared to AAA, and as it's battery powered there's no need for external wiring and switching.

Meets
USCG 2NM

ILLUMINATE iPS

Battery powered Bi-Colour LED Navigation Light

iPS Light Features

- Designed and made in New Zealand using high quality materials, and the latest LED technology
- **3 operation modes;**
 - Bi-Colour Port Starboard mode
2nm, 12-14hr battery life
 - Port light only mode, 2nm,
20-24hr battery life
 - Starboard light only mode,
2nm, 20-24hr battery life
- Waterproof to 1 metre
- Floats with lens clear of water
- Powered by 3 x AA batteries, not supplied
- Fits any RAILBLAZA mounting port, ordered separately
- Meets USCG 2NM 33 CFR 183.810 & ABYC A-16
2 nautical mile visibility.

Black Base

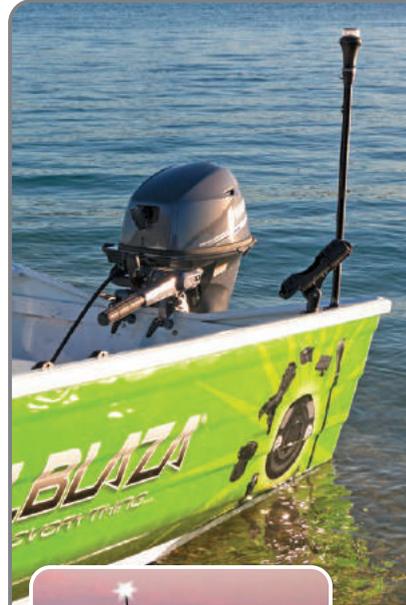

FLAGWHIP

Light, mobile & flexible, ideal for kayaks, ATVs or wherever you need to be seen.

02-4010-11
Black Base

- Increase visual presence on the water or farm
- 1200mm in length (47.25 in)
- Comes with 300 x 150mm pennant (12 x 6 in)
- Easily removed for transporting

For safety no more than 3 sections are to be used for pole

Use with your imagination, torch, camera, lights, action...

02-4067-11
Extenda Pole 1000

EXTENDA POLE 1000

The Extenda Pole 1000 adds another dimension of versatility to the RAILBLAZA system. With a male StarPort adaptor at one end and a female StarPort at the top it is fully collapsible for easy stowing. It can be used at 3 different heights:

- 1 section height 380mm (15 in)
- 2 sections height 680mm (27 in)
- 3 sections height 980mm (38.5 in)

Fly a flag attach a light, attach a camera mount kit or adjustable extender with a G-Hold to hold a torch. Fits into any StarPort, SidePort, RailMount or RIBPport.

RODRAK

The RodRak is an expandable fishing rod/pole storage system for hanging your rods from any vertical or horizontal surface.

Store your fishing rods/poles on the shed or garage walls, under the cabin roof, inside the gunnel or any other place you screw to. The hooks can be set up as standalone or joined together. Using 4mm bungee cord you can also setup an extra retention band (not supplied).

Features:

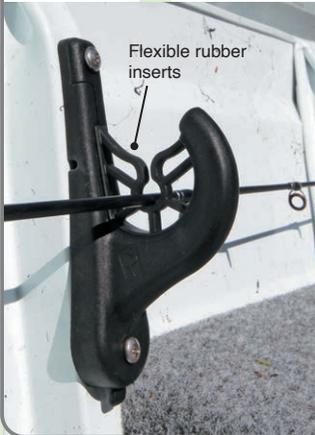

- Flexible inserts to protect rod grip/handle and tips. Also allows easy stow or removal
- Holds rod grips from 25mm – 38mm (1-1.5 in)
- Holds gaffs, boat hooks, nets or paddles
- Stackable for multiple rods
- Works on vertical or horizontal surfaces
- UV Stabilised
- Suits all rod lengths
- Fasteners supplied

C.W.S. CARRY, WASH AND STORE BAG

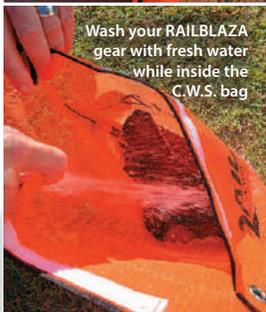

Carrying, washing and storing your valuable RAILBLAZA equipment is now a lot easier with the C.W.S. Bag.

Simply remove the accessories from the StarPorts at the end of the day stow them into the mesh C.W.S. Bag, run the bag under a fresh water tap or hose to rinse off any salt or dirt and hang to dry.

The C.W.S. can also be used as a safety flag when used in conjunction with the RAILBLAZA Extenda Pole 1000.

02-4068-81

Mesh C.W.S. Carry, Wash and Store Bag

Wash your RAILBLAZA gear with fresh water while inside the C.W.S. bag

Hang to drain and dry

450mm x 450mm (18 x 18 in)

STARPORT WALL SLING

Sling Your Yak or SUP – with RAILBLAZA!

Storage of a wide range of watercraft including SUPs, canoes, windsurfers and kayaks just got quicker and easier with the RAILBLAZA StarPort Wall Sling.

Installed in minutes and supplied with StarPorts, slings, adjustment buckles and screws the StarPort Wall Sling is great value for money. The Wall Sling will free up space in your garage, shed or yard by allowing you to hang your craft on the wall. You can hang it outside on one pair of StarPorts to wash down, and then easily transfer it to another pair of StarPorts inside to keep it warm and dry! If you want to use your sling at another location like your holiday home it's as cheap and easy as fitting two more StarPorts. Kit includes 2 Slings.

04-4050-11

Sling pair

Using 2 sling pairs, mounting one board behind the other to save space

The Ultimate Kayak & Canoe Cart

The C-TUG kayak cart is designed and manufactured in Napier, New Zealand. Unlike any other cart in the paddle sport arena today, C-TUG continues to amaze sport enthusiasts with its rugged appeal, incredible strength and satisfying good looks

C-Tug Cart

The New Zealand made C-TUG is the best, most versatile and durable kayak cart on the market. It carries up to 120kg (260lbs), dismantles in under 20 seconds to fit into a kayak hatch and won't corrode.

Part no: 50-0001-71

- Reinforced composite material
- Tool-free assembly
- Dismantles in under 20 seconds
- Fits inside kayak hatch
- Thermo-bonded elastomeric hull pads
- Stainless steel reinforced axles
- Puncture-free wheels with hi-grip rubber tread
- 2.8m (9 ft) strap with aluminium camlock buckle
- Adjustable kick-stand
- Light weight 4.3kg (10lbs) and easy to handle
- 120kg (260lbs) static loading (capacity will vary with dynamic loading on different terrains)
- 5 year warranty

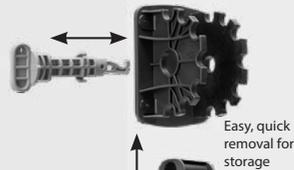

Upgraded strap with aluminium camlock buckle

The Ultimate Dinghy Wheels

Rugged, Lightweight and Easily Removable

Versatility & Flexibility

Raise up when not required - Quickly lower when you need them

Easy lock/unlock feature

The Ultimate Dinghy Wheels

- Easy installation & assembly
- Fibreglass reinforced UV resistant plastic
- Wheels easily removed when stowing dinghy
- Easy lock and unlock feature
- Multiple wheel positions
- 10 inch puncture free wheels
- Lightweight 4kg (9lbs) per pair
- Supplied with stainless steel fasteners and axles
- For use on boats up to 3.6m (12ft)
- For use with outboards up to 15HP (2 stroke) or 9.9 HP (4 stroke)
- Recommended working load up to 100kg (220lbs)
- Recommended maximum static load 120kg (260lbs) (Load rating varies on different surfaces)
- May not suit all transom configurations
- 2 year warranty

The C-TUG Dinghy Wheels are a lightweight and rugged option for transporting your dinghy up the beach avoiding having to carry the heavy load. The wheels have an easy lock and unlock function when adjusting to the up or down position. Easily clear the outboard with the multiple up positions. The wheel assembly can be easily removed from the transom mount allowing for stowing out of the sun when the boat is not in use. Ideally suited for inflatable boat tenders or small lightweight aluminium boats.

Jon Boats

SAND TRAKZ[®]

All-Terrain

The Ultimate Kayak & Canoe Sand Cart

The New Zealand made SandTrakz Cart is setting new standards with its sophisticated style and precision design. C-TUG SandTrakz is the best, most versatile and durable kayak cart on the market. It carries up to 80kg (170lbs), dismantles for easy stowing and won't corrode.

When it comes to moving loads over soft sand, wider wheels are not necessarily better. Bulldozers and military tanks use long tracks, reducing the chance of them digging in. SandTrakz puncture free wheels mimic this track system, the outer rim compresses when in use giving a longer track length. On soft sand this reduces how hard you have to pull to move your cart by more than half compared to standard puncture free Kiwi Wheels! In fact the SandTrakz system is so effective we think it's better than balloon wheels!

- Half the effort
- Puncture free
- Fits inside hatches
- 2 years warranty on wheels
- 5 years on all other parts

Whilst they are designed to make life easier on soft surfaces, SandTrakz wheels are also great on hard surfaces. Because C-TUG SandTrakz are designed to compress they act like suspension on hard surfaces, making for easy transition from soft to hard surfaces.

The Patented, C-TUG SandTrakz carts are made in New Zealand. Part no: 50-0006-71

SandTrakz Wheels

An easy upgrade for your standard C-TUG cart to give it all the features of a SandTrakz cart.

(Fits any C-TUG old or new)

Part no: 50-0005-71

(Supplied as a pair)

Diameter = 315mm (12.5 in)

Width = 90mm (3.5 in)

Bore = 25.4mm (1 in)

2 years warranty, patented

EXPAND YOUR CART

C-TUG is more than just a kayak cart. It is now suitable for dinghies and inflatable boats by adding a Double Up Bar

For C-TUG Double Up

Order:

- 2 x 50-0001-71 C-TUG Carts
- 1x 50-0007-71 Double Up Bar

For SandTrakz Double Up

Order:

- 2 x 50-0006-71 SandTrakz Carts
- 1 x 50-0007-71 Double Up Bar

Kiwi Wheels

Puncture free with hi-grip rubber tread. If you have an old C-TUG with pneumatic wheels and want to upgrade, all you do is clip off your old wheels, and clip on the new ones, easy as!!

Part no: 50-0002-71

(Supplied as a pair)

Dimensions: Dia. 260mm (10 in)

Width. 90mm (3.5 in)

5 years warranty

Double Up Bar

Makes your C-TUG carry more

The Double Up Bar allows you to assemble 2 x C-TUGs together spreading the load and allowing you to carry heavier kayaks or boats. The bar is a specific length to keep the wheels close together allowing the double cart to be turned easily. Once loaded and balanced no lifting is required all you have to do is pull it. Works with the standard C-TUG & SandTrakz version. Fits any C-TUG old or new.

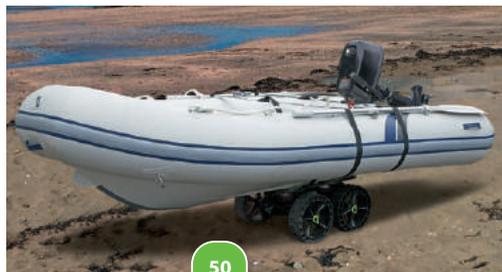

- Easily disassembled
- Supplied with 2 x extended straps
- Carry weights up to 160kg (350lb) static loading
- Works with C-TUG and C-TUG SandTrakz
- Ideal for heavy kayaks, dinghies & inflatable boats
- 2 years warranty

50-0007-71 includes 1 x Double up Bar, 2 x Straps (C-TUGS ordered separately)
